People are saying ...

Amanda is an amazing instructor.

— Facial Threading Certification

The course that Dana Wright taught on Intermediate Guitar was absolutely fantastic and far exceeded my expectations.

— Essential Skills for Guitar

Bruce gave us the tools we needed for a great foundation to our businesses. Thank you Bruce.

— How to Start Your Own Business and Make it Successful

I've wanted to take this class for a very long time. I'm glad I did. It was everything I wanted. I now feel very comfortable working with small engines.

— Small Engine Repair

David is not only extremely knowledgeable of the subject matter, but was able to explain it in a way that everyone understood.

— Publish Your Own Book Guaranteed

English as a Second Language, ESL, Levels 1-4

Spring & Summer 2020 Classes

Clases/Aulas de Primavera & Verano/Verão 2020

Welcome/Bienvenidos/Bem vindos/Benvenuti/Bienvenue - ESL Spring 2020

Learning to speak English can open up many opportunities to non-English speakers. Keefe at Night provides excellent ESL classes to the community. Our instructors are truly committed and seasoned professionals who have a love for teaching ESL to adult learners. We offer 4 levels of study: Beginner, Intermediate, Advanced Intermediate and Advanced. If you have never taken English language classes and consider yourself a beginner, you place in Level 1. There is no need to take a placement test. If you've taken courses in the past at other schools, you will need to take a simple placement test to determine your level of proficiency.

Placement Test - Levels 2 to 4: We will be conducting a placement test for students on Tuesday, February 11 between 4:00 - 8:00 PM at Keefe Tech. The test takes approximately 15-20 minutes. Returning Keefe at Night students will move to their next level.

Classes begin on Tuesday, March 3 and end on Tuesday, June 2. They take place on Tuesdays and Thursdays from 6:00 - 9:00 PM. (Level 2 only class also available on Mondays and Wednesdays from 6:00 to 9:00 p.m. Please see below.) The total cost for the program is \$285 for 66 hours/22 classes. **Textbooks are included in the cost of tuition.**

Inglés Como Segundo Idioma: El poder comunicarse en inglés puede abrir muchas puertas para personas que actualmente no hablan el idioma. Keefe at Night brinda excelentes clases de ESL a la comunidad. Nuestros maestros son profesionales con mucha experiencia, quienes aprecian la importancia de la enseñanza del idioma a personas adultas. Ofrecemos cuatro niveles de aprendizaje: Principiantes, Principiantes Avanzados, Curso Intermedio y Curso Avanzado. Si nunca ha tomado cursos de inglés y se considera principiante, entrará al primer nivel. No necesita tomar una prueba. Si ha tomado cursos en otra escuela, deberá tomar una simple prueba para determinar su nivel.

Prueba Para Determinar Su Nivel- Niveles 2 a 4: Se llevará a cabo el 11 de febrero entre 4:00 y 8:00 PM. La prueba dura unos 15 a 20 minutos. Las personas que han estudiado en Keefe at Night seguirán al próximo nivel.

El curso de inglés empieza el martes 3 de Marzo y termina el 2 de Junio. Las clases se reúnen los martes y jueves de 6:00 a 9:00 PM. (También ofrecemos una clase de Nivel 2 los lunes y miércoles de 6:00 p.m. a 9:00 p.m. Por favor ver abajo.) El costo total del curso es \$285 por 66 horas/22 clases, incluye libros.

Inglês Como Segunda Língua: Aprender a falar inglês pode abrir muitas oportunidades para pessoas não falantes da língua Inglesa. Keefe at Night oferece excelentes aulas de ESL para a comunidade. Nossos instrutores são profissionais verdadeiramente comprometidos e experientes que estimam a importância de ensinar ESL a estudantes adultos. Oferecemos 4 níveis de estudo: Iniciante, Intermediário, Avançado Intermediário e Avançado. Se você nunca fez aulas de inglês e se considera um iniciante, você será colocado

no Nível 1. Você não precisa fazer a prova. Se você já obteve cursos no passado em outras escolas, você precisará fazer uma prova simples para determinar em qual nível você será colocado.

Prova de colocação para Alunos - Níveis 2 a 4: Terça-feira, 11 de fevereiro entre às 4:00 e às 8:00 PM na escola Keefe Tech. A prova leva aproximadamente 15 - 20 minutos. Os alunos que retornam a Keefe at Night serão colocados no próximo nível.

O curso começará no dia 3 de março e termina dia 2 de Junho. As aulas serão às terças e quintas-feiras das 6:00 às 9:00 PM. (Aulas de nível 2 também estão disponíveis às segundas e quartas-feiras, das 6:00 às 9:00 PM. Por favor veja abaixo.) O custo total por 66 horas/22 aulas é \$285 e inclui livros.

Important Spring/Primavera:

Tue/Thu, No classes/Não há Aulas: 3/12, 4/2, 4/21, 4/23 & 4/30

ONLINE GED® TEST PREPARATION

ONLINE: Prepare for GED® Math Test - Instructor Led, Through Ed2go

This ONLINE instructor-led course helps you master the skills required to pass the Mathematical Reasoning module in the GED® test series.* You will start off with a review of math basics and begin building the foundation you will need to solve the types of math problems commonly found on the test. In the process, you will develop hands-on experience with percentages, proportions, statistics, algebra, geometry, and more.

Each lesson will give you a chance to apply your knowledge by practicing with the same kind of questions you may find on the test. By the time you finish this course, you will be much more comfortable with your math skills, and you will know how, when, and

why to use each math concept you learn. When you sign up you get 6 weeks of access to the program and you can choose from different start dates posted on the website. *If you need to review all subjects, please see separate GED prep listing.

Please visit: <https://www.ed2go.com/kan/online-courses/ged-math-test-prep> for more information or to sign up. You can also contact Kelly Pierce at 951-972-3668.

ARTS, CRAFTS, PHOTOGRAPHY & MUSIC

Arts & Crafts

Acrylic Painting with Felipe Zamora - All Levels

Do you love to paint and want to develop your abilities further? This cool multi-level class is geared toward students who need to "brush up" on their painting skills or have not had formal training. A variety of exercises will be presented to help students understand concepts such as value, composition, and perspective. We will work from photos or images that we choose, as it presents an opportunity to be more engaged in our paintings. As the class develops, instruction will become more personalized depending on each student's skill level. Bring materials you already have. Additional supplies (to be purchased by students in advance of class) are listed on the online course description at: Keefeatnight.org and on your registration receipt. **No Class: 4/22.**

Knitting for Beginners

Knitting is a creative, relaxing pastime that can be enjoyed by anyone. Have fun while making unique gifts for friends, family, yourself or charity. This class is designed for new knitters as well as anyone needing a refresher course. You will learn about different yarns, needles, tools, how to knit, purl, increase, decrease, make a gauge and more! You will also work on individual projects. Practice supplies will be provided by the instructor for in-class use only. You are welcome to bring any needles or yarn you have. Students will be responsible for purchasing additional project supplies.

Photography Field Trip to Russell's Garden Center, Wayland

Rain or Shine! Join us at Russell's Garden Center in Wayland where you will have the opportunity to photograph beautiful flowers, plants and many other subjects, both indoors and out, while learning how to better use your camera. We will depict subjects in varying ways, altering both the look of the subject and background. Learn more about close-up photography and adjusting the color and exposure of your images. We will examine tools such as the rule of thirds, framing and camera angle to improve your photographic vision. You will have plenty of time to photograph on your own, plus have guidance from the instructor. Suitable for photographers of all levels (with either DSLR or point-and-shoot cameras), however, a basic understanding of your camera is required.

Review your camera manual beforehand and bring it with you along with your camera and fresh batteries. **Meet at the indoor fish pond in the cactus area.** Visit russellsgardencenter.com for more information about Russell's. The Center is located at Russell's Garden Center, 397 Boston Post Road, Wayland. **Please park across the street.**

Music

Introduction to Guitar

Created for the absolute beginner, Introduction to Guitar will help students learn the essentials needed to begin playing guitar. Learn note reading, chords, simple strumming, and basic music theory in a fun, relaxed group setting. Other topics include exploring the guitar, electric vs. acoustic guitars, tuning and maintaining your instrument.

What to Bring: Students must provide their own instrument beginning the first day of class. A guitar tuner, guitar picks and spare set of guitar strings are also highly recommended. Please visit: <https://www.danawright.org/keefe> for FAQ's and other important information.

Required Textbook to be purchased in advance of class:

Essential Skills for Guitar - Intermediate

This class presents a set of core techniques every guitarist needs to know to play in almost any musical situation. Instead of focusing on a particular style of music, the focus is on learning a set of fundamental skills for playing the guitar and music in general. Reading music is not required. Topics covered include learning the notes on the fretboard, intervals, major scales, open chords, barre chords, as well as tips for practicing.

What to Bring: Students must provide their own instrument beginning the first day of class. A guitar tuner, guitar picks and a spare set of guitar strings are also highly recommended. Please visit: <https://www.danawright.org/keefe> for FAQ's and other important information.

Required Textbook to be purchased in advance of class: Essential Skills for the Guitarist, by Dana Wright, ISBN: 978-1984200730. Available through Amazon.com. **No Class: 4/20.**

GIFT CERTIFICATES

Gift certificates can be used towards registration in Keefe at Night classroom/on-site courses and trips. **They are not valid for Online Courses.** After purchasing online, please contact us at 508-416-2170 or email us at continuinged@jpkeefe.org to give us the name and address of the recipient so that we can add their name to our database, and we can send the Gift Certificate to you or directly to them.

The gift certificate is valid for 2 years from the date of purchase. If you would like to purchase a gift certificate for over \$200, we'd be happy to assist you by phone or in person.

AUTO: SMALL ENGINE REPAIR

Small Engine Repair

Rejuvenate your equipment! Learn how to tune-up, repair and even overhaul small gasoline engines found in snow blowers, go-karts, chainsaws, lawn mowers, tillers, leaf blowers, string trimmers, and small outboard motors. Don't pay for expensive repairs when you can do them yourself! Come prepared and bring your small engine on the first night of class. The engine may remain attached to a snow blower, lawn mower or other small engine equipment. **Important: There is no storage available. Be sure you can transport your equipment to and from class each week.**

BUSINESS TOOLS AND CAREERS

Build a WordPress Website or Blog from Scratch

Do you want to create an easy-to-build website or personal blog? If you have purchased a domain name or are ready to buy a hosting package, this class is for you. WordPress is a powerful and easy-to-use tool for building virtually any kind of site.

Your instructor will guide you through the hosting domain process and will help you install WordPress on your own server. You will review the steps to configure settings, pick a theme, add pages and a blog; learn how to grow your website traffic with simple Search Engine Optimization (SEO) tips; install essential plugins for SEO, Google Analytics, and photo gallery. You will learn to build online forms, and learn to sell advertising, set up PayPal on your site, back up your database and control your bandwidth usage. This class is taught in a computer lab. There is no need to bring your own computer.

Important Requirement: Before the first class, you must set up a website host for your site. (At an additional cost, the instructor can set up a temporary site upon your request. Please contact Fan at bbdssdesign.com for more information.)

Increase Productivity with Google Apps

Are you in charge of a small business, a club or responsible for classroom and event planning? Google apps can help you get organized and increase productivity. With Google Apps you can create and maintain calendars; invite your constituents to participate in meetings; preview and edit cloud-based documents; send and keep track of responses from surveys and questionnaires; create and maintain contact lists; send email announcements to everyone in your group with the click of a button; create eye-catching documents and slide presentations, and so much more!! The best part is that everyone is able to create a Google account free of charge.

Requirement: Basic computer skills. Students will need to sign up for a Gmail account in advance of class. Instructions on setting up a Gmail account can be found at: <https://support.google.com/mail/answer/56256?hl=en>

Technical Writing: Improve Your Career Prospects with Technical Writing Skills

Are you interested in turning your writing skills and curiosity about how things work into a lucrative career, increasing your value in your current job, or learning a new skill that can help you get your next job or promotion? Technical writers are needed to explain often complex subjects in simple language in every industry from information technology to financial services to consumer products. But professionals in other technical jobs, from engineers to scientists to business analysts, can also benefit by having good technical writing skills. You will first learn the basic skills you need to have and then the best practices to follow to be a successful technical writer. Finally, we'll cover how to create a technical writing-oriented resume and professional portfolio, and job search and interview strategies.

COMPUTER TECHNOLOGY AND APPLICATIONS

AutoCAD for Beginners

AutoCAD is a software drawing tool often used by architects, interior designers, and contractors to render and edit many types of diagrams, from architectural layouts of homes to mechanical layouts of machine parts. In this course, we will cover the basic AutoCAD functions of drawing and editing. We will create simple images using lines, arcs, and circles, then manipulate these images in two and three dimensions, and finally output our work on a plotter. **Basic PC skills are required.** A background in drawing, drafting, design, or graphics is helpful but not required. **Bring your own laptop** – so you will remember your configuration between classes. **No Class: 4/20.**

SketchUp - 3D Modeling Designs

SketchUp is a free three-dimensional modeling software used in a wide range of professions such as in architecture, engineering, interior design, and in any art-related profession. This class will cover the basic functions of the software in order to create 3-D structures from floor plans; to create interior house features such as furniture; and to create the environmental surroundings by adding people and trees among other details. SketchUp's toolbox is straightforward and user-friendly, so it is an excellent program for amateurs, but also comprehensive enough for professionals. Whether you want to design the set for your child's theater performance or need 3-D modeling skills for work, learning SketchUp is a great way to get started. **Basic PC skills are required.** No prior drafting experience is necessary, however. **Bring your own laptop** – so you will remember your configuration between classes. **No Class: 4/2, 4/23 & 4/30.**

NEW FORMAT

Introducing the New, Foundational CCNA® Program, V7.0

Maybe you're looking to break into a technology career. Or maybe you want to climb higher. But software, networking, and infrastructure are growing more and more interconnected every day. To move forward with a technology career in this changing landscape, you need to know the latest networking technologies plus security, automation, and programmability—and hiring managers need to know that you know. Cisco® Certified Network Associate (CCNA) certification can take you where you want to go. Cisco designed the new CCNA program to help you improve your skills in the ever-changing landscape of IT. The program now has one certification that validates a broad range of fundamentals for all IT careers, with one exam and one training course to help you prepare. The CCNA exam covers a breadth of topics including network fundamentals, network access, IP connectivity, IP services, security fundamentals, and automation and programmability. Newly retooled for the latest technologies and job roles, the CCNA training course and exam give you the foundation you need to take your career in any direction. The industry's most widely recognized and respected associate-level certification, CCNA is our way of saying we believe in you. And the process couldn't be simpler: pass one exam and you're done -- All in just 3 courses, not 4 as before.

Cisco I -Introduction to Networks

Learn about the architecture, structure, functions, components, and models of the Internet and computer networks. The principles of IP addressing and fundamentals of Ethernet concepts, media, and operations provide a foundation for the curriculum. By the end of this course, students will be able to build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. **IMPORTANT: Students will need a portable laptop or tablet for classroom use and for online self-paced homework assignments.** Tuition includes enrollment in the Cisco Academy online. Please contact your instructor Don Conaghan at: dconaghan@gmail.com for information on most current books available. (Not required.) **No Class: 4/2, 4/20, 4/23, 4/30 & 5/25.**

Microsoft Excel Pivot Tables - 1 Night Class

Spreadsheet skills are essential in today's workplace. But merely compiling all your data into a spreadsheet is one thing; making sense of it is another. Pivot tables allow you to arrange information quickly and efficiently so you can examine it from various perspectives. Not only will you develop the skills to sort through data, you will also learn about conditional formatting, charts, if/then statements, and much more!

Prerequisite: Basic MS Excel skills.

Build a WordPress Website or Blog from Scratch

Do you want to create an easy-to-build website or personal blog? If you have purchased a domain name or are ready to buy a hosting package, this class is for you. WordPress is a powerful and easy-to-use tool for building virtually any kind of site. Your instructor will guide you through the hosting domain process and will help you install WordPress on your own server. You will review the steps to configure settings, pick a theme, add pages and a blog; learn how to grow your website traffic with simple Search Engine Optimization (SEO) tips; install essential plugins for SEO, Google Analytics, and photo gallery. You will learn to build online forms, and learn to sell advertising, set up PayPal on your site, back up your database and control your bandwidth usage. This class is taught in a computer lab. There is no need to bring your own computer.

Important Requirement: Before the first class, you must set up a website host for your site. (At an additional cost, the instructor can set up a temporary site upon your request. Please contact Fan at bbdssdesign.com for more information.)

COOKING AND BAKING

Basic Cooking Workshop for Beginners

Learn the foundation skills of basic cooking in this six-week, hands-on class. Whether you are a beginner or more experienced cook, this class will give you the opportunity to develop classic cooking skills which will help you understand recipes and allow you to improvise. We'll start with knife skills and move on to cooking techniques including: steaming, pan frying, roasting, braising, boiling and baking. In the process we'll make (and eat!) roasted chicken, baked salmon, pan-fried steak, oven roasted potatoes, lots of fresh vegetables and chocolate chip cookies. There will be discussions on which cuts of meat are best suited for dry heat cooking versus moist heat cooking. We'll also talk about where to shop and about kitchen equipment. All the recipes for the class will be simple and easy to prepare and teach you basic cooking techniques. On each night we will cook a complete meal from appetizer to dessert which will be shared at the end of class, so come hungry!

Basic Buttercream Cake Decoration

This class is for beginners and advanced students alike. Weddings, anniversaries, birthdays and holiday parties would not be the same without the ultimate treat - the cake! In this one-night course, Karen will show you the best way to decorate, step by step, so that you can experience the excitement of a stellar cake. Using buttercream frosting, learn to frost, fill and decorate something wonderful! She will teach you StarTip techniques including Drop Flower Rosettes, Shell Borders, Basic Ribbon Roses, and printing and writing on a cake. **Please bring the following to class: a cake that is 6 inches round and 2-3 inches in height, an apron and a box to transport the cake.** Additional ingredients and material fees are included in cost of tuition.

Chocolate Eclairs

Need a French pastry degree to make eclairs? Nope - your instructor will show you how to create Classic Chocolate Dipped Eclairs with Vanilla Bean Pastry Cream, and Salted Caramel Dipped Eclairs with Dulce de Leche Pastry Cream. Try your hand at mixing, piping and baking crisp choux pastry. Then whisk together two flavors of pastry cream, practice filling eclairs and top each one with a patisserie-style glaze. Sweet! You will work with other students in groups of 4, in a fun, hands-on environment led by your instructor.

Fun class. Delicious cheese.

— Cheese Making - Fresh Homemade Cheeses

Chocolate Truffles

Truffles are the essence of chocolate in one bite. Truffles are made in two steps, soft ganache centers and chocolate-covered coatings. Join this class and learn the basics and the tips that will make your truffles delectable, melt-in-your-mouth bites to give as gifts or enjoy with family and friends. You'll have plenty of chocolate truffles to bring home. You will also get useful information on tasting, buying, and storing fine chocolate. Class topics include how to: Roll/shape and dip/coat truffles in a variety of toppings: Produce different fillings, such as nuts, peanut butter, cayenne pepper, and cinnamon. Then create a package for the maximum 'wow' factor. Bring containers.

How to Get Debt Free

If you have debt payments of any kind you should attend – too many people are drowning in debt - particularly with high interest credit card debt. This workshop will show you how to eliminate credit card debt in 1 to 3 years, and your 30 year mortgage in only another 3 to 4. Learn a simple guaranteed system to eliminate all debt within your current income. Bring a list of debts along with minimum monthly payments and a calculator. Before you leave the workshop you will have developed your own debt elimination plan that you can implement immediately into your lifestyle. Credit Report issues (errors, identity theft and how to boost your credit scores are also covered). An optional textbook is also available for \$49.00 and can be purchased from the instructor on the night of class.

FINANCE & RETIREMENT PLANNING

Retirement Planning

Transitioning Into Retirement - Beyond Finances

So it's here...or about to be here. Maybe by choice or maybe not. Retirement is like a vacation that can last forever, but - like vacations - it has its own 'stressors.' Making a plan for life after retirement is crucial. This course explores areas beyond finances such as: life stages of work and retirement; the importance of short- and long-term goal setting; part-time jobs for retirees; how to rebuild your social network and retirement success stories. **This is not a 'Finance' Class** - but a blueprint for a happy and fulfilling retirement!

Gentle Yoga with Healing Meditation

This yoga class is designed for all levels: beginners and students who have experience. When done gently, yoga practice can help to repair joints, decrease stress, increase flexibility, and prevent and heal injuries. Your instructor teaches this class based on her training in Viniyoga, a style of gentle yoga taught by Gary Kraftsow and transmitted by T. Krishnamacharya and T.K.V. Desikachar. Viniyoga practice allows students to develop a practice based on their current level of ability, age, flexibility, strength and injuries. In addition to learning and practicing gentle (asana) postures, this class will explore the seven major chakras or energy systems with specific postures and meditations to balance and guide the body to higher levels of healing. Please bring a yoga mat and water bottle. **No Class: 4/22.**

FTYG08-Spring2020 \$119.00

FITNESS, TAI CHI, YOGA & SWIM

NEW

Guided Meditation for Healing and Relaxation

We all need to relax and de-stress. Research has shown the importance of relaxation in connection to our health and immune function. This class will provide you with a mini-vacation of relaxation. We will begin with gentle warm up and release exercise, followed by relaxation and guided healing meditation. You will have the option of doing the meditation sitting in a chair or on a yoga mat. Please bring a yoga mat if you prefer to use one. **No Class: 4/22.**

Tai Chi

An exercise originally developed in China, Tai Chi has become a very popular form of exercise. Many doctors and health insurance companies now recommend it to their patients. Among its many benefits, Tai Chi helps to improve one's balance, strength, focus, and coordination. It has been shown to decrease stress when practiced regularly. This class will introduce you to this amazing form of exercise and provide a sequence for you to practice at home. Please wear comfortable clothing and footwear.

Keefe Tech, First Floor, Pool (by Winter Street Entrance)

Watercize

Both swimmers and non-swimmers can exercise and get in shape in the pool. You'll have your choice of a shallow or deep water workout each week. You'll feel stronger, gain flexibility and increase muscle strength. This low-impact workout is easy on your joints but can be a better workout than floor aerobics. For all swim/water aerobics classes, a bathing suit is required although Under Armour shirts and leggings may be worn. Come take the plunge. You'll be glad you did! **No Class: 4/20 & 4/22.**

if there are any other no-class dates
scheduled for your respective class/es.

Usui/Holy Fire Reiki, Level 1 Certification

Learn about the concepts, energies, and history of Usui/Holy Fire Reiki. It is a powerful yet gentle form of healing that provides stress relief, relaxation, mental clarity and more. You'll gain a general understanding of the concept of chakras, auras and Reiki energy using scanning and traditional hand positions. In level one you will learn to give Reiki to yourself, your friends, family and even your pets! This class is for beginners or anyone interested in learning more about energy healing. Training consists of lectures as well as hands-on practice. Certification will be presented at completion of course.

Required Textbook: Students will need to purchase required textbook in advance of class: Reiki, The Healing Touch: First and Second Degree Manual by William Lee Rand, 2000. ISBN 1-886785-03-1.

Tap Away Your Stress Workshop

Emotional Freedom Technique (EFT) Tapping is simple and anyone can learn to do it. Experience emotional freedom using your own fingertips and discover how your life can be changed for the better. It involves tapping your body's pressure points to alleviate stress. EFT gently and easily releases negative emotions that cause problems and pain. You will benefit from this new discovery that combines two well-established practices, including mind/body medicine and acupuncture (without needles). You can harness the healing power of EFT Tapping to conquer stress, anxiety, and fear. EFT is a drug-free, pain-free, non-invasive method that provides emotional renewal quickly and safely, without side effects!

Spanish Intermediate 1A

This course is designed for those students that have acquired a fairly good amount of vocabulary, and know how to conjugate the present tense of most common verbs in Spanish. The emphasis of this class is on teaching future and past tense verb conjugations, and encourage the students to speak, and comment on written material and text from daily life. Some traditional food names and customs from Latin America will be introduced in this class, along with tourist information about places to visit. The goal of this class is to reinforce grammar, verbs conjugations, and verbal communication.

Required Textbook to be purchased in advance of class: Collins Easy Learning Spanish Verbs Book, ISBN: 978-0-00-815843-9. **No Class: 4/22.**

MEDICAL & ALLIED HEALTH TRAINING

Certified Nursing Assistant, CNA Program

Certified Nursing Assistants are in high demand in Massachusetts. This training program - approved by the Massachusetts Department of Public Health - is designed to prepare students for a career as a professional health care provider. Fifty-four hours of classroom study will prepare students for 21 hours of supervised clinical rotation. Students will be instructed in all of the competencies and prepared for the CNA certifying exam conducted by the American Red Cross. Topics include: Physical and emotional care of patients, vital signs, communication skills, safety issues, the aging process and ways to handle stress. In order to be eligible to apply for the American Red Cross certifying exam, it is mandatory that all students successfully complete all class hours and clinical sessions. Sign up early as class size is limited. Textbooks and other materials are included in the cost of tuition.

Important requirements: In order to be accepted into this program students must possess advanced to fluent English language proficiency, and have strong communication skills.

Prior to February 24, 2020, students must:

- Fill out a program application
- Submit a valid driver's license or valid government issued ID
- Submit to a CORI review
- Provide current health records - including proof of a negative TB test.

Please contact us to request your application/information packet.

Classroom Dates: 3/9 - 5/11/2020

Clinical Rotation: Dates and times to be determined.

No Class: 4/20 & 22.

Clinical Medical Assistant Training

Do you want to prepare for a challenging and rewarding career in healthcare? In this program you will receive training on how to assist physicians and nurses by performing functions related to the clinical responsibilities of a medical office. You will learn about: patient preparation for examination and treatment, routine laboratory procedures, diagnostic testing, technical aspects of phlebotomy and the cardiac life cycle.

Students will review important topics including pharmacology, the proper use and administration of medications, taking and documenting vital signs, cardiology including proper lead placements, professional workplace behavior, ethics and the legal aspects of healthcare.

This program includes 140 hours of classroom lecture and hands-on labs and a clinical externship opportunity (160 Hours at a local healthcare provider). Textbooks are included in cost of tuition. To be eligible for the clinical rotation, students must successfully complete the 140 hour program, and submit to a thorough background check, drug screening and meet other requirements. **A high-school diploma or equivalency is required.** Upon successful completion of this program, students would be eligible to sit for the National Healthcareer Association (NHA) Certified Clinical Medical Assistant (CCMA) national examination.

Payment plan available: 10% tuition discount if paid in full before the first class. Please see online description for a full list of Saturday classes. **No Class: 3/12, 4/2, 4/21, 4/23 & 4/30.**

Emergency Medical Training - Become an EMT

EMT basics are the foundation of pre-hospital emergency medical care. You will learn how to conduct the initial evaluation, treat and transport patients with medical problems as well as those with injuries from accidents (trauma). You will learn to recognize and provide initial care for shock, heart and breathing problems, strokes, burns, diabetes, drowning and accidents.

You will learn to perform a complete pre-hospital patient assessment; understand current legal aspects of pre-hospital care; identify and treat common medical emergencies; identify and treat traumatically injured patients; identify and treat special patient populations (ob/gyn, pediatrics, geriatric, environmental emergencies); and identify the properties of approved pharmacological agents. This program exceeds the National and State Standard Curriculum for EMTs. The course includes AHA Healthcare Provider CPR.

Upon successful completion of this 160-hour course, you will be eligible to take the practical and written certification exams to become certified nationally and in the Commonwealth of Massachusetts.

Prerequisites: Students must be able to lift 125 lbs; possess advanced to fluent English language proficiency, and have strong verbal and communication skills.. This class meets on Tuesdays and Thursdays from 6:00 to 10:00 p.m., and on seven Saturdays from 8:00 a.m. - 4:30 p.m. Please see online description for a full list of Saturday classes. **No**

PARALEGAL CERTIFICATION (ONLINE)

ONLINE-Certified Paralegal Through Ed2go

Paralegals play a vital role in the legal profession. These qualified professionals take on a variety of tasks ranging from legal research to drafting legal documents in traditional law office settings and in the corporate, government, and public arenas. Formal training is a critical part of preparing for a career as a paralegal. The Paralegal course will help you gain the skills you need to enter the paralegal workforce. You will learn how to conduct legal research and legal interviews, how to perform legal analyses, and more. As you prepare for your paralegal career, you will also receive soft skills training to increase workplace effectiveness. The course concludes with a capstone project and a portfolio review. You will first create a complete litigation file that includes: a legal analysis brief, an investigative report, client interview checklist, intake memo, complaint, legal research, and interoffice memorandum of law. Then, you will learn how to create a strong resume that encompasses your specialized skill set and showcases the impact you would make for your next employer. Through our partnership with National Association of Legal Assistants (NALA), you will also receive membership and access to NALA's Certified Paralegal (CP) Exam Review courses should you choose

to take the NALA CP exam at a future time. This program is entirely online and is completed at your own pace. When you register, you receive access for twelve (12) months to complete this program. You can register online at: <https://careertraining.ed2go.com/kan/training-programs/certified-paralegal?Category=legal> or you can contact Kelly Pierce at 951-972-3668.

Consumer Guide to a Home Inspection

This class provides a review and discussion of the "Home Inspectors Consumer Fact Sheet" published by the Office of Consumer Affairs. The intent of the brochure is to provide consumers with a definition of a home inspection such that the nature and extent of a home inspection is clear. In this class, you will get answers to these questions:

- What gets inspected (structure, appliances, etc)?
- What are the limitations of the inspection (readily accessible)?
- What condition types get reported (good, bad, marginal, etc)?
- When are home inspectors required to be consistent and when can they differ?
- What are the different types of home inspection reports?
- What should I look for in an inspector?

TRADE PREPARATION

Construction Supervisor Unrestricted License Exam Preparation: 6-Class Program

Only a person licensed by the Massachusetts Board of Building Regulations and Standards may supervise the construction and renovation of all one and two family dwellings and all buildings containing less than 35,000 cubic feet of enclosed space. This class will help you prepare for your Massachusetts Construction Supervisors unrestricted license exam. This class requires students to devote a significant amount of time familiarizing themselves with the building code materials and methods of preparation for the exam. Through this learning method, you will be able to retain the process of the system in order to find the answers to the test questions that will be presented. A score of 70% is required to successfully pass the state exam. It is recommended that you are pre-approved by the state testing agency prior to the class. However, this is not a requirement. You will be expected to work on practice exams and to read 6-8 hours per week, in addition to class time.

All Textbooks and Study Materials (\$450 value) are included in the Course Fee:

- 2015 International Building Code
- 2015 International Residential Code
- 2015 International Energy Conservation Code
- Massachusetts Amendments for the IBC
- Massachusetts Amendments for the IRC
- Massachusetts A.A.B. Regulations
- 29 CFR OSHA 1926 Construction Standard
- Classroom study supplies are also included.

Prerequisite to take the State Exam: Three years of documentable construction experience.

Construction Supervisor - Continuing Education - Hybrid Classroom Course/Online Course

This hybrid classroom/online course consists of 12 hours. You will attend 6 class hours at Keefe at Night: on a Saturday from 8:00 AM to 2:30 PM, with a 1/2 hour break in between. You will complete the remaining 6 hours online on your own. The tuition fee for the classroom session is \$149. For the online session, you will need to register at: <https://www.massnailit.com/> one week prior to the classroom session. There is a \$70 online tuition fee.

The course has been approved by the Massachusetts Board of Building Regulations and Standards for 12 hours of unrestricted construction supervisor continuing education (BBRS Course Approval: CS-2307). Certificates will be issued at the completion of the course. There is no final examination.

The following topics will be covered:

- IRC 2015 Residential Code with Mass Amendments 9th Edition
- IBC 2015 Commercial Code with Mass Amendments 9th Edition
- IECC 2015 Energy Code with Mass Amendments 9th Edition
- Massachusetts Zoning Act
- Business and Workman's Comp
- Safety

Course materials will be provided by the instructor. Please be sure to bring a lunch, snacks and water on Saturday as our Snack Shack will be closed on the weekend.

Hoisting - 2A License Exam Prep

This is a Hoisting 2A license exam prep class for Excavators, Front End Loaders, Backhoes and Mini excavators.

The class details the application process for testing through the Massachusetts Engineering Division.

You will also review the following:

- CMR 520 / 6 Mass Hoisting Laws
- Dig Safe regulations
- Jackie's Law
- OSHA 1926 Standard
- General operations of applicable heavy equipment

Hand outs are supplied to use as study material as well as practice questions. Mass Nail It instructors are licensed and approved through the Commonwealth of Massachusetts.

Electrical Code Journeyman, Module Program

This program is for everyone starting or continuing their studies in the Electrical Code Journeyman Module program. It is open to all seeking licensure in Massachusetts.

Students will be using the National Electrical Code, and must complete assigned exams to receive certified hours, as required. Study aids are available to the students including 17 DVDs covering all the NEC and practice exams to assist students in completing the education necessary to pass their electrical exams.

These 75-hour classes meet the requirements set forth by the Massachusetts State Board of Electrical Examiners as a part of the 600-hour requirement to sit for the Journeyman's Exam.

Important: All students must have the current edition of the 2020 NEC in class. Other books on the reading list are optional. **All classes start promptly on time in order to ensure state policy compliance.** Twenty class sessions are planned for each module allowing students 1 make up class and still complete 75 class hours per semester.

We recommend that you visit the MA Board of State Examiners of Electricians website for comprehensive information on becoming a MA Electrical Code Journeyman: <https://www.mass.gov/orgs/board-of-state-examiners-of-electricians>

Electrical Code - Journeyman, Module 1 - Saturday Class

In this class you will cover: Jobsite and electrical safety, introduction to National Electrical Code and process, DC/Alarm Theory and Basic Math.

TRADE PREPARATION

Plumbing Code and Theory Tiers 1 to 5

These courses are open to two groups of current apprentices: those participating in the Tier System licensed after September 1, 2008, and those licensed prior to that date who are in the 300-hour program. Participants in the 5 Tier system are required to have 550 hours over a five-year period, at a maximum of 110 hours per year. Apprentices licensed prior to September 1, 2008 are required to accumulate 300 hours over a three-year period. This course runs in the fall and spring for a total of 55 hours per semester and covers the state required information including code, science, theory and math. (One make-up session is included each semester.) **Be sure to bring your code book to class.**

IMPORTANT: These Spring 2020 semester courses are only open to students who completed their respective tiers at Keefe at Night in Fall 2019.

For state requirements, please visit: <http://www.mass.gov/ocabr/license/dpl-boards/pl/ceul/>.

TRAVEL

New York - Broadway, Saturday May 2

Our New York Broadway trip sells out every semester. The trip includes round-trip transportation via modern, Wi-Fi equipped motor coach, complimentary city map, Broadway Show Guide, Dining Guide, and the assistance of our knowledgeable trip guide. Leave Keefe Tech at 7:30 a.m. sharp and travel non-stop to the "Big Apple." Once in Times Square, head to the TKTS Booth to purchase available tickets for matinee performances at half the list price on the day of the show! (Or purchase your tickets in advance to ensure seats.) Once you have purchased tickets, there is time to sightsee, have lunch, or shop until the 2:00 p.m. performances. Depart NYC at 7:00 p.m. for a non-stop return trip arriving back at Keefe Tech before 11:00 pm.

Please note that children 12 and up are welcome on this trip when accompanied by an adult. The trip will take place rain or shine. Registrations for the trip are transferable, but not refundable. Credit vouchers are also not available on trips.

Parking at Keefe: **Please park on the west side of campus, located at the Winter Street entrance, closest to the pool and gym.**

Old Port Lobster and Strawberry Banke Forever - Portland, ME and Portsmouth, NH, Saturday, June 13

We head north to Portland, Maine and start with a walking tour of Old Port with a guide from the Maine Historical Society. The group will walk upon the cobblestone streets and learn about the city's waterfront highlights, maritime heritage, authentic character and the gritty folk who made history here. After our tour it is time to enjoy the bounty of the sea with lunch at one of the seacoast's iconic lobster pounds. Lunch is on your own and you can order from the menu and dine on boiled lobster, fried clams, steamers and more. We will even treat you to a cup of clam chowder to start your feast. We step back in time as we head to New Hampshire's famous waterfront city of Portsmouth for a tour of Strawberry Banke Museum. Located in the heart of historic downtown in the Puddle Dock neighborhood, Strawberry Banke Museum is an authentic 10-acre outdoor history museum dedicated to bringing 300+ years of American history in the same waterfront neighborhood to life. Explore eight heritage gardens, traditional crafts and preservation programs, and dozens of historic buildings built between the 17th and 19th centuries in the Colonial, Georgian, and Federal style architecture. The Museum received Yankee Magazine Editors' Choice Award for "Best Historic Village" and is rated the #1 "Thing to Do in Portsmouth" by TripAdvisor. Please note that children 12 and up are welcome on this trip when accompanied by an adult. **Registrations for the trip are transferable for the same trip, but not refundable. No vouchers. No exceptions.** Trip includes motor coach transportation, tour and museum admission, all gratuities and your guides Joe and Martha.

Parking at Keefe: **Please park on the west side of campus, located at the Winter Street entrance, closest to the pool and gym.**

WRITING

Creative Writing for Fun

Join a Creative Writing for Fun class that is the opposite of a critique class, which can BLOCK (impede, jam) writing. Instead, this writing class ENCOURAGES writing from the creative part of you. Each class includes new writing techniques and tips interspersed with fun prompts. Participants learn from each other through in-class writing and sharing those impromptu stories. Fiction and non-fiction are explored. Enthusiasm, an ability to "let go," and shared insights are the learning tools. Open for new and continuing students. Section I: **No class on 4/7 and 4/21.**

Technical Writing: Improve Your Career Prospects with Technical Writing Skills

Are you interested in turning your writing skills and curiosity about how things work into a lucrative career, increasing your value in your current job, or learning a new skill that can help you get your next job or promotion? Technical writers are needed to explain often complex subjects in simple language in every industry from information technology to financial services to consumer products. But professionals in other technical jobs, from engineers to scientists to business analysts, can also benefit by having good technical writing skills. You will first learn the basic skills you need to have and then the best practices to follow to be a successful technical writer. Finally, we'll cover how to create a technical writing-oriented resume and professional portfolio, and job search and interview strategies.

Writing and Publishing Children's Picture Books: The Journey of a Bird Tale and a Cat's Purr

Join author Pamela Wight as she shares her own lessons on writing and publishing children's books. Pam's presentation addresses a wide audience: writers of all genres, those interested in the publishing process; those who are interested in writing and publishing their own children's book; and those who are curious why anyone would want to publish a children's book when the bookstores are overloaded with them. She talks interactively with the audience with lots of Q & A in the end.

Pam's first illustrated children's book, *Birds of Paradise*, was a Finalist in the International Book Awards (for Children's Lit). This past fall, 2019, she published her second picture book: *Molly Finds Her Purr*. Pam has also published two books of women's fiction: *The Right Wrong Man* and *Twin Desires*. Pam teaches creative writing for fun classes through the Keefe at Night program. Visit her website at www.roughwighting.net.

GENERAL INFORMATION - SPRING 2020

Welcome to Keefe at Night! For a better understanding of our Spring 2020 schedule and procedures, please read the information that appears below.

Spring Semester Office Hours:

Starting on Monday, March 2: Monday-Thursday, 9:00 a.m. to 9:00 p.m. and Friday, 9:00 a.m. to 5:00 p.m.

The office is closed on holidays and snow days. During school breaks, you can reach us Monday - Friday from 9:00 a.m. to 5:00 p.m.

Please see scheduled school closings and inclement weather information below.

Spring Semester Scheduled Keefe at Night School Closings:

March 12

April 2, 20-24 & 30

May 25

Registration/Age Requirement: With the exception of trip reservations, all students/participants must be at least 18 years old. The minimum age for trip participation is 12.

Tuition/Registration Payment: Payment in full is due at registration. Payment plans are available as noted in specific class descriptions. Registrations under payment plans must be processed in person.

There are 5 convenient ways to register and pay:

1. **Online Registration:** Visit www.keefeatnight.org and click on the "Registration" tab that appears on the menu bar at the top of the main page. From there click "Register" and click on "My Account." If you don't have an account, you can create a new one there as well.
2. **Mail-in Registration:** Using the registration form in this catalog, mail your registration with payment to: Keefe at Night, 750 Winter Street, Framingham, MA 01702. **No cash please.**
3. **Telephone Registration:** During office hours, please call us at 508-416-2170.
4. **Walk-in Registration:** Visit Keefe Tech's Main Office during office hours. Please see above.

5. **Fax:** Using the registration form in this catalog, you may fax your registration to: 508-416-2231.

Gift Certificates: Gift certificates can be purchased online or in person at the Keefe Tech Main Office.

Forms of Payment: We accept American Express, MasterCard, Visa and Discover, checks, money orders, organization purchase orders, and cash (in person only).

Please note: Refunds made to credit cards may take one week or longer to appear on your online statement. Refunds by check (for check or cash payments) may take up to three weeks to process.

Late Registration: Students may register for a class after the start date only with the approval of the instructor. There will be no discounts on the tuition.

Refund Policy for Courses and Trips

Cancellation for All Classes: If Keefe at Night cancels a course/trip, the full amount paid for the course/trip will be refunded.

Withdrawals:

1. **7 Days before start date:** Full tuition refund, minus \$10 cancellation fee.
2. **6 Days or less before start date:** A course credit voucher will be issued for 50% of course tuition.
3. **Withdrawal or absence from course on the day that it meets:** No refund or credit voucher. You may, however, transfer your enrollment to a friend/relative.
4. **No course credit vouchers or refunds** will be issued after the start of class.
5. **Trip registrations are transferable** to other guests **for the same trip only**, but not refundable. No credit vouchers will be issued.
6. **Withdrawal Refund Policy for Culinary Programs:** An additional ingredients/supplies deduction of \$25.00 will be made to credit vouchers for withdrawals less than 7 days prior to the class date.

Course credit vouchers are valid for one year from the date of issue.

Continued on page 42

**Inclement weather cancellations -
Information will be posted on our website
and our Facebook page.**

GENERAL INFORMATION - SPRING 2020 *Continued*

Missed Classes in Certification/Licensing

Programs: Some programs require a set number of hours for successful completion. If you **must** miss more than one class, be sure to speak with your instructor as soon as you return. Please know that missed hours will be made up at a time when your instructor is available and there will be a fee of up to \$50/hour with a three-hour minimum.

Certificates of Completion: Certificates of completion will be provided for professional development, licensing and certificate courses, or upon request. There will be a \$5.00 processing fee for each **lost** or **misplaced** certificate.

Night of the Week & Time of Classes: Classes are in session Monday through Thursday evenings (with a few Fridays and Saturdays). Evenings and times are subject to change due to unexpected circumstances. However, every effort will be made to hold classes on the dates and times listed in the Catalog.

Change of Instructor or Class Space: Keefe at Night reserves the right to retain, assign or change instructors as necessary without contacting enrolled students. When necessary, we may also change the assigned classroom space.

Inclement Weather Cancellations: If Keefe Regional Technical School closes during the day, there will be no evening program. If the day program is in session and conditions prohibit safe travel in the evening, every effort will be made to contact all instructors and students by email and when necessary by phone. If in doubt, please call the Keefe at Night main phone number (508-416-2170) for a recorded message. An announcement will also be posted on our website (inclement weather tab on the menu bar) and our Facebook page: <https://www.facebook.com/keefetechconted/>. Like us on Facebook and you will receive immediate notification of closings on your Facebook page feed.

Textbooks/Class Supplies/Ingredients:

Books: Unless otherwise noted, students will need to purchase their books on their own in advance of their first class. Please check course descriptions to confirm whether or not books are included. When needed, ISBN numbers are provided. Some descriptions will direct you to go online to get a full list of books. Keefe at Night does not operate an internal bookstore. Please visit your local bookstore or place your order online.

Class Supplies: Some arts and crafts courses require that students purchase supplies on their own. Please see the **online** course description for a full list of supplies.

Cooking Ingredients: Cooking ingredients fees are included in the cost of tuition.

Parking: Keefe at Night students can park in any legal spot even if it's numbered.

Class Locations: Please check your confirmation receipts for your classroom room number/location.

All **technical program spaces** are located on the ground floor.

Classrooms in the **200's** are located on the main floor. Rooms in the **300's** are located on the 2nd floor.

If you are taking **cooking** classes, or **fitness classes taking place in the auditorium**, we recommend that you enter Keefe and park by the Fountain Street entrance (closest to Loring Arena).

If your class takes place in **the pool or gym**, we recommend that you enter Keefe and park by the Winter Street entrance.

School Policies: All policies, rules and regulations pertaining to Keefe Regional Technical School regarding tobacco products, alcoholic beverages and firearms are also enforced at night. Keefe Tech is a smoke-free school. This includes the use of all tobacco products and e-cigarettes in the school building or on school grounds, by students, school personnel, instructors and visitors.

Please do not hesitate to contact us if you have any questions. You can reach us at 508-416-2170 or by email at: continuinged@jpkeefe.org. Thank you.

The ESR Kitchen and the Auditorium are located closest to the Fountain Street entrance. The Pool and Gym are located closest to the Winter Street entrance.
